REPORT OF THE COMMISSIONERS OF THE MILTON WATER DISTRICT

Your Commissioners submit the following report for the year 1961. November 1st the final payment made on the original bond issue of \$36,000.00.

Service leaks continue to plague us, but we try to repair them as fast as possible. The sub zero weather in February caused quite a few freeze ups of house services but fortunately no mains froze.

Twice we were forced to ask our consumers to conserve on water usage, both due to breaks that drained our reserve tank to dangerous levels but the curtailments in both cases were of short duration.

Your Commissioners are studying ways and means of reducing the excessive pressure which our system develops. It is our belief that most of our troubles are caused by this pressure.

Most municipal water systems have a working pressure of 50 pounds or less, ours averages over 95 pounds. When the pumps are working, the homes on

the main pumping line have pressure in excess of 140 pounds.

The consumption of water has increased steadily over the years until at this writing we are pumping 130,000 gallons daily. This is a little more than half of the total capacity of our reserve tank.

Respectfully submitted,

FRANK E. McINTIRE
WILFRED L. DUPUIS
STANLEY C. TANNER

MILTON FIRE DEPT.

REPORT OF THE MILTON FIRE DEPARTMENT

Once again, we have had a sharp decline in the number of fire calls answered. The year 1960 showed twenty calls; the past year of 1961, the department answered fourteen calls - but in 1962, there already are five fires on the book.

We ask one and all to be extremely careful this spring, and be sure to obtain a permit for outside fires. John Gilman will issue permits for the west side of town.

The 14 calls answered in 1961:

4 Building Fires

3 Brush and Grass

1 Automobile

3 Oil Burner

3 Chimney

We also answered one call to Meaderboro for a Chicken House fire.

REPORT OF MILTON MILLS FIRE CHIEF

To the voters and Commissioners of the Milton Mills Fire District:

The following calls were answered in the District from January 1, 1961 to December 31, 1961.

- 4 Building Fires
- 2 Chimney Fires
- 1 Civil Defense Test
- 1 Dump Fire

The following calls were answered outside the District from January 1, 1961 to December 3, 1961.

- 3 Chimney Fires (Acton, Maine)
- 1 Automobile Fire (Acton, Maine)
- 1 Grass Fire (Acton, Maine)
- 1 Stand by duty (Milton, N. H.)

During 1961 there were two dry hydrants installed, non-freeze type, one in the Mill yard by the Mill pond. This was paid for by the District.

Another dry hydrant was installed at the M. Chamberlain Farm, now belonging to Mr. Boris, the digging of the pond and the cost of the hydrant, plus installation was paid by Mr. Boris.

The District purchased during 1961 the following equipment: 400 feet of 1½ inch hose, for the tank trucks; flashlights and batteries for all members; replacement mittens and liners that were defective or lost; 3 new raincoats; one spare oxygen tank for the resuscitator and inhalator; also one 4 inch by 4½ inch double female that was needed to use pumper on the dry hydrants that had been installed.

The money that was used to purchase the dry hydrant and equipment was taken from savings that was saved by each and everyone by being careful with fire. We were fortunate in 1960 and 1961 as to the number of calls that was answered therefore saving hour pay.

Respectfully submitted,
DAMON PIKE, Chief

SCHOOL WARRANT

To the Inhabitants of the School district in the town of Milton, New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the Town House in said district on the 10th day of March 1962, at 7:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the school district will permit George Titecomb to put and maintain a dry well on school property in back of the Milton Grammar School. (By request)

10. To see if the district will authorize the school board to negotiate the sale of pines on the Nute property and to apply the money derived from the sale for landscaping and improving the Nute High School grounds.

11. To see if the district will elect to approve of the inclusion of its officers and employees (other than those eligible under the Teachers' Retirement System) in the Employees' Retirement System of the State of New Hampshire, which system is provided for by Chap. 27-A of the Revised Laws, as inserted by Chapter 183 of the Laws of 1945, and as proved by chapter 201 of the Laws of 1945, and any subsequent amendments thereto.

12. To transact any other business which may legally come before this meeting.

Given under our hands at said Milton this 5th day of February 1962.

Continued increased enrollment due to local conditions and additional tuition pupils from surrounding towns will make it necessary to add another teacher to the high school staff for the year 1962-63.

A contractual tuition agreement has been entered with the Wakefield School District and the Milton School Board for the next three years at a beginning tuition rate of \$415 per pupil for the 1962-63 fiscal year and subsequent years to be determined by the joint boards on or before January 15. This agreement will be advantageous to both communities. It will provide adequate facilities and instruction to the Wakefield children up to the age of sixteen and through high school. It will help Nute High School to maintain a proper balance in enrollment, and maintain and improve the present curriculum. This I believe, is a step in the right direction.

It is my belief that the town of Milton has enjoyed as good a staff of teachers and school personnel this year as has ever been had. This is due in part to the adoption of a salary schedule and in part to the pleasant working conditions which is provided by the community. A continuance of these practices will insure good teachers and school personnel.

You are urged to read the reports of Principal Folsom and Mrs. Mildred Gilman, school nurse, to become better acquainted with the more detailed activities of your schools. You are also encouraged to visit your schools frequently to become better informed in current practices and philosophies in education.

The people of Milton are to be congratulated for their efforts and their continued support to public education in their community.

In conclusion, I should like to express my appreciation for the cooperation given me during the school year as your Superintendent of Schools by the citizens, School board, teachers and pupils of Milton.

Respectfully submitted,

RAMON MARTINEAU

Superintendent of Schools

REPORT OF PRINCIPAL

REPORT OF THE SUPERVISING PRINCIPAL MILTON PUBLIC SCHOOLS

Nute High

Milton Elementary

Milton Mills Elementary

To the Superintendent of Schools, the School Board, and the Citizens of Milton:

ADMINISTRATION

The first duty of administration is to provide, through example and leadership, for the welfare of the children, making every effort to afford the best possible opportunities to learn to the fullest extent of each individual's ability. The Principal is concerned in Milton with 400 children, their parents, and 30 teachers and employees of the School District. The records of attendance and scholastic progress are kept in the office at Nute High. The many extra-curricular activities and the Lunch Program require that the office maintain an accurate accounting of more than \$20,000 per year. These Activity Accounts are audited each year by the School District Auditors. Procedures have been established to provide for the smooth flow of routine information between each teacher and the office. The Principal attempts to visit the Milton Elementary School each day and the Milton Mills School once a week. In case of emergency, he can usually be reached in a matter of minutes by telephone from any school. Teachers' Meetings are held each month and many hours are spent in individual discussion of special problems with children, teachers, and parents.

PERSONNEL

Our teachers support their professional associations to a degree considerably in excess of the average of

the teachers in the state. This year Mrs. Scott is Treasurer of the Supervisory Union Teacher's Association, Mr. Folsom is second Vice President of the N. H. Educational Association and President of the South Eastern Secondary Principals' Association, Mr. Dionne is President of the Milton Teachers' Guild, Mr. Leib has been asked by the N. H. Department of Education to serve on a special committee to develop a new Social Studies Guide for a phase of the High School Curriculum. Our teachers attend frequently professional meetings which are held outside of school hours or on week-ends. From the formal programs and the incidental contacts at these meetings many practical ideas are brought back to Milton which help to improve our schools.

Several of our teachers during the last year have taken courses in Education which can result only in better teaching and learning experiences for the children of Milton. Mr. Dionne has begun this year Graduate Study in Mathematics at the University of New Hampshire under a grant from the National Defense Education Act.

CURRICULUM

Each year the faculty conducts a careful scrutiny of the subjects being taught, the textbooks being used, and the revisions which may be indicated. The Elementary Teachers have scheduled a series of meetings beginning in March, with two men from the State Department of Education hoping to make an intensive evaluation of our Arithmetic program, expecting of course, to provide for its improvement.

Nute High is an Approved Comprehensive High School offering 53 subjects or sections, 43 of which are in Grades 9-12. The enrollment is expected to increase again next year as more tuition pupils come to Nute. This steady increase in tuition is an indication of the need which exists and the extent to which Nute is satisfactorily meeting this need. The contract negotiated between Wakefield and Milton recently will result in only

a slight increase of the number of students expected, as in the last two years most of the Wakefield students have come to Nute. The contract is of considerable help to the School Boards of both towns in planning for the future.

ATHLETICS

The Athletic Program has for the past two years cost about \$1,500.00 per year to operate. \$500 of this has been provided from the School District to help defray the cost of transportation, with the remainder being raised in a diversity of ways. About \$200 is spent each year for uniforms with the balance being used for expendable supplies, transportation, officials, dues to the N.H.I.-A.A. and awards and letters to athletes. With the exception of the item for uniforms, there is little opportunity to reduce expenditures if the present program is to be continued.

The Nute Boosters Club is an informal group of parents organized to recognize Championship Teams and their Coaches.

The Teneriffe Sports Club provides for the younger children of Milton valuable experience and training through Little League Baseball and Basketball. The contributions, both in time and in money, made by the members of this club in this area deserve a great deal of recognition and appreciation from the people of Milton. For two years the Club has sponsored a very successful Sports Banquet for Nute Athletes during Commencement Week.

LIBRARY

A biennial survey of school libraries made last June by the N. H. Department of Education revealed that Nute rated second in more than forty medium sized schools. The credit for this rating should belong to Mrs. Plummer who devotes many extra hours, and to the trustees who have provided the necessary funds to ex-

pand and improve Library Services. New books have been added to the shelves. The Bookmobile calls periodically and frequently books are borrowed from the State Library. The Library loans an average of 1,000 volumes per month during the school year.

HOT LUNCHES

We are fortunate to retain the experienced cooks in our lunch programs. The participation remains high and the number of complaints low. The cost of operating the program has steadily risen but it has been possible to keep the prices charged the same for many years. It now seems quite possible that beginning next year Milton will have to increase the price per meal.

INSURANCE

A carefully developed plan of insurance for the schools has made it possible to provide broad coverage with an annual cost only slightly in excess of the amount paid a few years ago. The buildings have extended coverage fire insurance for \$434,000; the contents (carefully inventoried and appraised) are insured against fire for \$42,000. Sprinkler damage coverage is \$42,000 on Nute. Each boiler is protected with a \$50,000 liability policy in the event of explosion. The School Board is protected by a Products and Premises Liability Insurance and the Teachers are protected by a Teachers' Liability Policy. All employees are covered by Workmen's Compensation Insurance in case of accident. The Bus Contractors are required to furnish the School Board with a Certificate of insurance on each bus. The Insurance policies are deposited in the safe of the School District Clerk.

THE SCHOOL PLANT

During the past year two classrooms were painted in the High School, one classroom was painted at Milton Mills and the basements painted there also.

At the Elementary School in Milton a continuous recovery hot water heater on the boiler replaced the electric heater used previously. The wiring circuits in the Elementary School were checked and a new Distribution Panel with circuit breakers installed. New circuits were installed to provide safe outlets in every room. Venetian Blinds were installed in the Elementary Cafeteria and in the fall a new tar and gravel roof was laid on the Elementary School.

At the High School the roof girders in the Gymnasium were painted, the corridor walls were painted, and rubber base mold installed. The driveway and parking lot off Farmington Road was paved with Hot Top. The Student Council began to landscape the area in front of the addition and will complete the work in the spring.

Each year the Principal submits to the School Board a report on the physical condition of the school building pointing to both current and long range needs. The School Board makes use of the annual report and personal inspection to make decisions pertaining to school repairs.

The facilities of both schools are being increasingly used by many local organizations for meetings and recreation in accordance with an established School Board Policy. Anyone desiring information about the use of School Facilities should contact the Principal.

Neither the School nor the citizens of Milton should take for granted the close cooperation and economical service rendered by the Highway Department in paving, plowing and sanding drives. Some School Districts do not enjoy such a fine relationship and it is necessary to appropriate money to hire private contractors to render this type of service.

We are also indebted to the Town Beach Commissioners for the use of the Beach for picnics and for Fall and Spring sports. They provide help in maintaining the playing fields and in storing equipment.

The Faculty and Staff of our schools function in an atmosphere of confident security established by the Superintendent and School Board. Such conditions provide for the kind of learning experience that children should have, and exist only with the loyal support and confidence of the citizens.

Respectfully submitted

JOHN B. FOLSOM, Principal

REPORT OF SCHOOL NURSE

To the Superintendent of Schools, the School Board, and the Citizens of Milton;

I hereby submit my third annual report as school nurse.

In this report, I would like to give the people of Milton a general idea of my daily routine. I plan to be at Milton Grammar School at nine o'clock, A. M., or as near nine as possible. I say as near nine as possible, as sometimes district calls prevent this. Upon arriving at school, I report to Mrs. Stanley, as the telephone is in her room, and she takes the calls, if any, and reports them to me.

I try to make my district calls either before or after recess, and plan to be back by noon, so that I will be available if any child is injured on the playground. I would like to say at this time, that upon checking a sick or injured child, if I find that they should go home. I take them, providing the parent is unable to come after them. If I take the child home and find no one there, the child is brought back to school and stays until parent is contacted. I feel if a child is ill or injured badly enough to go home, they should be taken and the condition reported to parent or person in the home.

Before leaving the building, I report to Mrs. Stanley as to where I will be; either out on district calls, or at either one of the other schools. I go to Nute High School once daily, and whenever called for accidents or illness. I visit Milton Mills School once a week and whenever called.

My yearly program includes checking vision, heights, weights, teeth, and scalps in grades 1-12 in Milton, and grades 1-6 in Milton Mills. The children in grades 1, 3, 5, 7, 9 11, and those in other grades who participate in any sport are given a physical examination by the school physician, Dr. George Quinn, of Farmington, N. H. Any defects found are reported to the parent and advised to consult their family physician.

Last year every child in all grades in the three schools were given a hearing test with the Maico Audiometer. I am happy to say that there were very few with defective hearing. Heads are inspected several times during the year. This is done to prevent the spread of any scalp infection, or pediculosis, if any. We are very fortunate in not having many of such cases.

The Dental Clinics (3) were held in Farmington with Dr. Morrison doing the work and giving very generously of his time. Work was completed on 16 children. This included extractions, fillings, and cleaning. This clinic was sponsored by the Milton Women's Club with a donation, and matched with the same amount from Federal Aid money.

Three Polio Clinics were held in March and April in 1960, and one in March of 1961. These were well attended. I have also made reference to Child Guidance and Orthopedic Clinics during the year.

We have our usual number of first aids, which are time consuming. When checkings and inspections, etc., have been completed, the health records of each student is brought up to date.

I would like to thank the Women's Club of Milton for sponsoring the Dental Clinic, the Lions Club for purchasing a hearing aid for one of our students, glasses, and also, at Christmas time, boots for needy children.

I have had a busy year, but a happy one. It has been a pleasure working with the children, their parents, and the teachers.

I wish to express my appreciation to the School Board, Superintendent Martineau, our principal, Mr. Folsom, Mrs. Stanley, teachers, parents, cooks, and janitors for their close cooperation.

Respectfully submitted,

MILDRED L. GILMAN, R. N.,

School Nurse
